

THE UNIVERSITY OF QUEENSLAND

FACULTY OF BIOLOGICAL AND CHEMICAL SCIENCES COMMENDATION FOR HIGH ACHIEVEMENT

**MISS TRACEY SAXBY
339105962**

The Executive Dean of the Faculty of Biological and Chemical Sciences has determined that students who demonstrate excellence in academic performance should receive acknowledgment of the achievement.

You are one of 206 students in the Faculty who obtained a grade point average of 6.00 or higher in second semester 1999, an achievement of which you can be justifiably proud. Your academic record will be noted to show that you have been awarded the Faculty of Biological and Chemical Sciences Commendation for High Achievement.

The Executive Dean and I congratulate you and wish you well in your future pursuits.

**Associate Professor Susan Hamilton
Director of Studies
Faculty of Biological and Chemical Sciences**
