

Announcing IAN's collaboration with the Chesapeake Film Festival

UMCES is launching a new "Communicating Science" section for the 2018 Chesapeake Film Festival. We are accepting short films from around the bay discussing the science of the Chesapeake and its surrounding waters.

If you or anyone you know has some material they would like to submit, please contact Jamie Currie at jcurrie@umces.edu by Friday June 29. Video submissions must be a maximum of three minutes long, although we will accept longer films by personal request.
